

All believe that Amazing Nutrition® is the key for healthy living. We are passionate about bringing you the finest selection of products which can perfectly complement a healthy diet and active lifestyle.

L-Lysine is an essential amino acid that the body uses to build proteins. As an amino acid, L-Lysine helps your body to produce proteins, enzymes, collagen and antibodies.* L-Lysine supports healthy immune system, healthy connective tissues, healthy organs and respiratory health.* L-Lysine may support weight loss as it helps to convert fatty acids into energy and promotes lean muscle mass.* It may also support bone health by promoting the intestinal absorption of calcium.*
