

Beet Root RED™ is an advanced formula designed to optimize cardiovascular health and performance with powerful Nitric Oxide precursors to help maximize the body's natural conversion into Nitric Oxide.* Nitric Oxide is a naturally-occurring compound in the body that plays an essential role in cardiovascular health by dilating blood vessels, thereby promoting optimal blood flow.*

This comprehensive formula features concentrated Beet Root extract and Red Spinach extract, which supply plant-sourced Nitric Oxide precursors in the form of nitrates.* Beet Root RED™ includes L-Citrulline, an amino-acid that readily converts into L-Arginine, which can then be converted into Nitric Oxide within the body, to help support blood flow.*

Beet Root RED™ incorporates MCT Oil, Vitamin B6 and Vitamin B12 to support cellular energy, Ginseng, traditionally used in revitalizing formulas, as well as Cayenne, traditionally used to support blood circulation.*

This product can be taken daily for ongoing maintenance of overall cardiovascular health or before exercise to help maximize performance.*

What makes us different:

Liquid Soft-Gels - The nutrients in these easy-to-swallow Liquid Soft-Gels are released fast. Other forms of delivery can contain binders and fillers that may cause stomach upset and offer no nutritional value. Advanced Liquid Soft-Gels provide an optimum delivery system.

Quality Assurance - Irwin Naturals™ is committed to providing the highest quality products for your health. We employ compliance testing to ensure purity and potency.

*These statements have not been evaluated by the Food & Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Global Responsibility - Over the years we have donated to organizations that support the environment and the health of our children.

Patented BioPerine - BioPerine™ enhances the bioavailability, absorption and potency of many nutrients.*

Usage Warnings: Do not use if safety seal is broken. This product contains ingredients that may affect blood pressure and/or heart conditions. Check with your doctor before using this product and engaging in activity, if you are using medication or have any medical conditions, including heart disease, high blood pressure or other medical conditions. Individuals with low blood pressure should not take this product. Do not use if you may become pregnant, are pregnant or nursing. Do not exceed recommended daily intake. Not intended for use by persons under 18. **KEEP OUT OF REACH OF CHILDREN.** Store in a cool, dry place. **WARNING:** (State of California Prop 65) This product contains a chemical known to the State of California to cause birth defects or other reproductive harm.
