

Along with friend Albert Einstein, Linus Pauling is considered by many to be a leading scientific figure of the 20th century. Here are only a few of his accomplishments:

- The only person to have received two unshared Nobel Prizes (1954 and 1962)
- One of the founders of both modern chemistry and molecular biology
- Co-founder of the Linus Pauling Institute of Science and Medicine
- Considered by many to be the "father" of vitamin research
- Published two of the first best selling nutritional books: "Vitamin C & The Common Cold" and "How to Live Longer & Feel Better"

In 1993, Dr. Pauling lent his name to support a ground breaking new line of vitamin products. Dr. Linus Pauling Premium Vitamins™ are formulated according to Dr. Pauling's scientific principles of nutrition.
