

Stored-Fat Belly Burner^{®†*} is a truly unique weight management formula. At the heart of this unique weight management product is Sinetrol[®], a powerful ingredient that has been clinically researched for its ability to metabolize stored fat in the body, including stubborn areas, such as the belly, waist and hips.^{†*}

It works by stimulating Lipolysis, a catabolic process leading to the breakdown of triglycerides stored in the fat cells (adipocytes), releasing free fatty acids (FFA). Sinetrol[®] reduces body fat to help you reach and maintain a healthy body composition.^{†*}

This product also includes other prized fruits such as Grapefruit, Sweet Orange, Blood Orange, Lemon Peel and Tangerine as well as our BioPerine Complex for enhanced absorption of key nutrients. Try **Stored-Fat Belly Burner^{®†*}** today and put yourself on the path to a happier, healthier you!

† In a clinical study Sinetrol[®] showed a greater decrease in abdominal fat and reduction in circumference in the waist and hips as compared to placebo.^{†*}
