

Sunny Mood® with 5-HTP is specially formulated to support emotional well-being and relaxation.* This product helps boost the body's natural production of serotonin, a key brain messenger for positive mood and mental balance.* Magnesium helps to convert 5-HTP into serotonin, while Chromium helps maintain healthy blood glucose levels already within the normal range.*

Sunny Mood® with 5-HTP also helps soothe daily stress and tension with the adaptogen Rhodiola, L-Theanine which supports a calm yet alert state of mind, and other ingredients traditionally used in relaxing formulas, such as Passionflower and Lemon Balm.* Our proprietary BioPerine Complex completes the formula to promote optimal nutrient absorption.*

Sunny Mood® with 5-HTP is nourishing and drug-free, ideal for daily use.*
