

Testosterone Mega Boost RED™ is a unique 2-in-1 formula for men of all ages. It is designed to help enhance male vitality and performance by boosting testosterone levels already within the normal range, and supporting nitric oxide to enhance male physical response. The key ingredients at the center of this amazing product are L100® Longjack and L-Citrulline.*

Testosterone Boost: As men age, testosterone levels start to decline. This male sex hormone is known to promote vitality and is involved in mood, sex drive, muscle mass and muscle strength.™ This formula features L100® Longjack, a patented extract that preliminary research suggests helps maintain testosterone levels already within a normal range.†

Nitric Oxide Boost: Nitric Oxide is a naturally-occurring compound in the body that plays a key role in cardiovascular health.™ Nitric Oxide is produced in the inner lining of blood vessels and helps to relax and dilate vessels, allowing more blood flow throughout the body.™ This unique formula features L-Citrulline, an amino acid that is readily converted to L-Arginine, which can then be converted into Nitric Oxide within the body.™

Testosterone Mega Boost RED™ also features Asian Ginseng, traditionally used as a revitalizing tonic, and Ginkgo extract, traditionally used to help support blood circulation.™ This product can be taken daily for ongoing maintenance of men's vitality and well-being.†

What makes us different:

Liquid Soft-Gels - The nutrients in these easy-to-swallow Liquid Soft-Gels are released fast. Other forms of delivery can contain binders and fillers that may cause stomach upset and offer no nutritional value. Advanced Liquid Soft-Gels provide an optimum delivery system.
