

Joint discomfort is one of the most significant obstacles to enjoying quality of life as it prevents countless individuals from participating in the activities they love and value the most.

This dynamic formula was designed with your quality of life in mind and features some of the most scientifically validated joint supportive nutrients that can help you get off the sidelines, and back into an active lifestyle.\*

**C3 Curcumin Complex®** is the most clinically researched preparation of Turmeric root known today and contains 95% total curcuminoids which are the active components of the Turmeric root known widely for their health promoting benefits.\*

**Glucosamine & Chondroitin** are some of the main building blocks of joint tissue and help to rebuild cartilage, lubricate joints, and maintain joint structure and mobility.\*

We take joint health seriously and that's why we've included joint supportive nutrients such as Ginger Extract, and a healthy dose of Fish Oil (delivering 612 mg of EPA) per daily serving. Plus, we've got you covered with 100% of your daily vitamin K2 needs and more than 100% of your daily vitamin D3 needs. Taking care of your joints just got a little easier.
