

THE BENEFITS OF ULTRA AMINO COMPLEX

GNC Pro Performance® Ultra Amino Complex has been developed by GNC scientists and leading exercise and sport nutrition experts to provide hard-working muscles the specific fuel they need to protect against muscle breakdown, fuel recovery and boost muscle protein synthesis.* Best of all, it tastes absolutely refreshing!

GNC Pro Performance® Ultra Amino Complex supplies a research approved mega-dose of purified and ultra-concentrated fast-absorbing BCAA to help drive muscle protein synthesis. The BCAA found in the GNC Pro Performance® Ultra Amino Complex are rapidly absorbed by hard-working muscles and drive results!*

GNC Pro Performance® Ultra Amino Complex also supplies a high dose of free-form, fast-absorbing essential amino acids for total body results. This formula helps increase nitric oxide production for muscle pumps, helps your muscles recover and helps prevent the muscle breakdown that can occur with intense exercise.*

Pro Performance® Ultra Amino Complex with a Nitro-Factor™ of 8 grams per serving helps fuel performance and anabolism.*

Products bearing this logo have been tested for banned substances by HFL Sport Science, a world-class anti-doping lab. *Product was tested for over 145 banned substances on the 2012 World Anti-Doping Agency (WADA) Prohibited List via HFL skip lot test protocol #ICP0307. See gnc.com for more information.

ULTRA AMINO COMPLEX
DIETARY SUPPLEMENT

Supports Muscle Protein Synthesis and Recovery, During and After Exercise*

10000mg of Concentrated, Fast-Absorbing BCAA and Aminos Per Serving

High Dose of Free-Form, Purified Essential Amino Acids

WATERMELON
NATURAL AND ARTIFICIAL FLAVOR

24 SERVINGS
Net Wt 11.84 oz (335.52 g)

Daily

During/Post-Workout

CODE 370098
