

Designed to rapidly replenish beneficial bacteria throughout the GI tract for digestive and immune support.*

Our most diverse group of strains at our highest potency formulated for use when the decrease of beneficial bacteria is accelerated during times of travel, medication use, or high levels of stress.*

Prebiotics help fuel the 50 billion live cultures and create a synbiotic environment so that the good bacteria can get to work on fixing your gut.*

SUGGESTED USE:

For best results take one capsule per day before or during meals. Refrigeration is recommended, but not required, after opening.
