

Dr. Berg's Wheatgrass Juice Powder with sweetener uses the highest quality growing and processing methods. Our wheatgrass is grown in the rich soils of an ancient sea bed, full of rare trace minerals and nutrients, in Utah's West Desert. Using a unique freeze-drying method called BioActiveDehydration™, we retain the natural qualities of fresh juice and when reconstituted in water the juice is virtually identical to fresh squeezed juice with essentially no degradation of color, flavor, aroma, enzymes, or nutrition.†

Wheatgrass contains high concentrations of valuable nutrients, including chlorophyll, vitamins, minerals and natural enzymes. This juice powder is 100% pure and contains no insoluble fibers, carriers or additives. Its purity makes it more soluble in water and ideal for use in a variety of drink mixes.†

One half scoop (1.4 g) is equivalent to a one-ounce shot of fresh wheatgrass juice. This product is the juice of the wheatgrass, ten times more potent than the wheatgrass itself.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

- ✓ Raw
- ✓ Vegan
- ✓ Gluten-free
- ✓ Non-GMO
- ✓ High in chlorophyll
- ✓ High in trace minerals

Rev. US 02

SUGGESTED USE: As a dietary supplement, dissolve one scoop (2.7 g) into an 8 oz glass of water or a smoothie. Do not take with hot liquids because heat will neutralize active enzymes. Recommended daily on an empty stomach (20 minutes before or 2 hours after a meal).

CAUTION: Do not exceed recommended dose. Pregnant or nursing mothers, children under the age of 18, and individuals with known medical conditions should consult a physician before using this or any dietary supplement.

DO NOT USE IF SAFETY SEAL IS DAMAGED OR MISSING. STORE IN A COOL, DRY PLACE, WITH A LID.
