RECOMMENDED USE:

Two to three tablets daily, during or immediately after a meal, or as directed by a healthcare professional. If you are pregnant, nursing, taking any medication or have a medical condition, please consult your healthcare professional before use. Keep out of reach of children. Not suitable for infants and children under 12 years of age. Store below 25°C (77°F) in a cool, dry place.

Swisse Ultiboost Calcium + Vitamin D has been formulated based on scientific evidence to provide two beneficial nutrients in a convenient dose.

menopause.

Calcium requirements may increase dependent on age, gender, diet, pregnancy, lactation and post

menopause.

Swisse Ultiboost Calcium + Vitamin D has been formulated based on scientific evidence to provide two

beneficial nutrients in a convenient dose.

****Osteoporosis:** A diet deficient in calcium may contribute to osteoporosis later in life. When taken

throughout life, in combination with a healthy diet, calcium supplementation may reduce the risk of

osteoporosis.*

Calcium requirements may increase dependent on age, gender, diet, pregnancy, lactation and post

menopause.

Swisse Ultiboost Calcium + Vitamin D has been formulated based on scientific evidence to provide two

beneficial nutrients in a convenient dose.

Bone & Teeth Health: Calcium and vitamin D are included to help maintain strong, healthy bones and

teeth.* The human skeleton consists of 206 bones that provide a framework for the body to help maintain

shape, protect vital organs and provide a place for muscles to attach. Bones also function as a site for

mineral storage and blood cell formation.

Increased Absorption: Formulated with naturally derived vitamin D3 to promote the absorption and

delivery of calcium to the bone.*

****Osteoporosis:** A diet deficient in calcium may contribute to osteoporosis later in life. When taken

throughout life, in combination with a healthy diet, calcium supplementation may reduce the risk of

osteoporosis.*
