

These POWERFUL Stacks when used together are designed to help promote the ultimate Anabolic physique.[†]

	STACKING PROTOCOL	PRE-WORKOUT	POST-WORKOUT	MORNING	AFTERNOON
WORKOUT DAYS	BETA-ALKALINE™	x1 30 - 45 MIN PRIOR		x1	
	CREATINE-ALKALINE™		x2 IMMEDIATELY AFTER		x2
	GLUTA-ALKALINE™	x1 1-2 HOURS PRIOR		x1	
	LEUCINE AGMA pH™		x1	x1	
		NON-WORKOUT DAYS			

L-Leucine and Agmatine: L-Leucine is an essential amino acid that the body cannot synthesis on its own. Studies show that L-Leucine can help to both stimulate muscle protein synthesis and preserve muscle tissue. This must have muscle building product also contains Agmatine, which is a novel analog of L-Arginine. Agmatine shows greater potential than L-Arginine for nitric oxide synthase, as well as enhanced performance, endurance, and recovery. For optimal nutrient uptake, the patent-pending pH Balanced Alkaline Buffering System **pH-Sorb™** has been added, which is designed to directly influence the acidity levels of the stomach for optimal digestion.[†]

Warnings: Not intended for use by persons under age 18. Do not exceed recommended dose. Get the consent of a licensed physician before using this product, especially if you are taking medication, have a medical condition, you are pregnant, nursing or thinking about becoming pregnant. **KEEP THIS PRODUCT AND ALL SUPPLEMENTS OUT OF THE REACH OF CHILDREN.**

CLINICAL
POWERSERIES

LEUCINE AGMA pH™

pH BUFFERED ANABOLIC N.O. SYNTHASE^{††}
PRO LEVEL L-LEUCINE - LEUCINE HCL & AGMATINE

MAY EXPERIENCE:

ANABOLIC ACTIVITY^{††}
NITRIC OXIDE SYNTHASE^{††}
INCREASED PUMPS^{††}

Please read entire label before use.

Suggested Use: Take one (1) serving (1 scoop) blended into 8oz of ice cold water, either before, during, or after workout, or as directed by a qualified healthcare practitioner. On non-training days, take one (1) serving (1 scoop) first thing in the morning, on an empty stomach, or as directed by a qualified healthcare practitioner.

Supplement Facts

Serving Size 1 Scoop (3 grams)

Servings Per Container 40

Amount Per Serving	% Daily Value
Leucine (as pH-Sorb™ Buffering Technology L-Leucine and Leucine HCL; Patent-Pending)	1,500 mg **
Agmatine (as pH-Sorb™ Buffering Technology Agmatine Sulfate; Patent-Pending)	250 mg **

** Daily Value not established.

Other Ingredients: pH-Sorb™ Buffering Technology (magnesium citrate, calcium citrate, potassium citrate, stearic acid, malic acid, potassium hydroxide, carboxymethylcellulose sodium, croscopovidone, fatty acids, natural wax), natural and artificial flavors, citric acid, sucralose, acesulfame-K, silica, taurine, and FD&C red No. 40.

[†] When combined with a proper exercise and nutrition regimen. Statements based on early-stage independent 3rd party *in vivo* and / or *in vitro* model scientific research data findings.
