

Boswellia AKBA supports the structural integrity, motility and comfort of joint cartilage and promotes gastrointestinal health. Unlike other boswellic acids, AKBA specifically targets the 5-lipoxygenase enzyme, which is a key enzyme in the cellular inflammatory cascade. Herbadiet's Boswellia AKBA provides a complete approach for healthy joints.

- ✓ Supports Healthy Inflammatory Processes[†]
- ✓ Provides Gastrointestinal Support[†]
- ✓ Connective Tissue Support[†]
