

B12 Adenosylcobalamin

Coenzyme vitamin B12 in the form of adenosylcobalamin, also known as dibenzocozide. This is the active form of vitamin B12 used by the mitochondria, the energy powerhouse in each cell.* With folic acid.

Suggested Use

As a dietary supplement, adults place 1 lozenge daily under tongue 30 seconds before swallowing, or as directed by a healthcare professional. May be taken with or without food.

Keep in cool, dry place, tightly capped.
