Quality Purity Potency

Glucosamine and MSM is a beneficial supplement combination that helps support maximum flexibility range of motion and joint lubrication.† Together, this powerful duo promotes healthy cartilage and collagen that support fluid joint movement.†

Glucosamine is a basic component of cartilage and other connective tissues which are needed for healthy structure and function of joints.†

MSM (Methylsulfonylmethane), a bioavailable source of sulfur, is a necessary component that works in conjunction with Glucosamine to provide support for collagen, an important component of healthy joints and connective tissue.† This product should be taken on a consistent basis to support joint health.†
