

THE MOST ADVANCED STRENGTH SINGLE-SCOOP PRE-WORKOUT

The next evolution of pre-workout has arrived! Shatter™ Elite is engineered with everything you need in just one concentrated scoop. This formula delivers the perfect combination of key components that are clinically dosed to provide results in performance, energy and muscle. With ingredients like Zynamite®, betaine and beta-alanine, Shatter™ Elite will take your performance to the next level. Plus, researched doses of NO3-T™ red spinach extract and pure L-citrulline will deliver sleeve-stretching pumps like you've never experienced before. Shatter™ Elite will help you shatter your personal records and plateaus.▲

BOOST PLASMA MARKERS OF N.O. FOR UP TO 8 HOURS

Shatter™ Elite is the first to market to feature 6g of L-citrulline plus NO3-T™ red spinach extract, a highly concentrated and scientifically backed N.O. booster. The clinical dose found in Shatter™ Elite was shown to elevate key markers of N.O. for up to 8 hours.▲

UNPARALLELED ENERGY & FOCUS

Guaranteed to unleash unrivaled energy, focus and intensity with a precise dose of caffeine. This unique formula includes the award-winning, botanically derived ingredient Zynamite®, along with a dual-sourced dose of choline, plus the cutting-edge ingredient Dynamine®.▲

INCREASE STRENGTH, PERFORMANCE & LEAN MUSCLE

One and done! Just one scoop packs in a never-before-seen combination of full clinical doses of betaine, caffeine, NO3-T™ red spinach extract, L-citrulline and beta-alanine to enhance performance, musclebuilding, energy and pumps like no other pre-workout.▲

DIRECTIONS: To assess your tolerance, take 1/2 serving (1/2 scoop) with 6 oz. of water for up to 3 days. Once your tolerance has been assessed, take 1 serving (1 scoop) with 12 oz. of water, 30 to 45 minutes before your workout. Do not exceed 1 scoop within a 24-hour period. Drink 8 to 10 glasses of water per day.

WARNING: Not intended for use by persons under 18. Do not use if pregnant or nursing. Consult a medical doctor if you have a medical condition or before starting any diet or exercise program. One serving of this product contains up to as much caffeine as 4 cups of coffee. Caffeine-sensitive individuals may experience the following symptoms including (but not limited to) restlessness, nervousness, tremors, headache, anxiety, palpitations, increased heart rate or difficulty sleeping. Do not combine with other sources of caffeine or stimulants. Some individuals may experience a harmless tingling sensation from the concentrated performance dose of beta-alanine. **KEEP OUT OF REACH OF CHILDREN.**

Do not use if packaging has been tampered with. Store in a cool, dry place (50°F to 80°F).
