

HOW TO USE LYTE BALANCE

Single serving: Dilute 1-2 capfuls (to taste) of Lyte Balance in 8 oz. of food or drink, twice daily.

By the gallon: Add 4 oz. (16 capfuls) Lyte Balance to 1 gallon (128 oz.) of water, milk or favorite beverage.

ELECTROLYTES + WATER = HYDRATION: Using Lyte Balance with adequate fluids can improve electrolyte levels for optimal recovery and performance in every body.

VERSATILE: Our unique blend of USP mineral salts mixes easily in water, milk, juice, smoothies, soup, or oatmeal. Super charges anything that could use some salt.

OUR GUARANTEE: We stand 100% behind Lyte Balance. Return for a refund if not completely satisfied.
