Nourishes Joint and Connective Tissue
Supports Joint Conditioning

Quality. Purity. Potency.

How Glucosamine & Chondroitin Sulfate Work: Glucosamine is a basic building block for cartilage, synovial fluid and other connective tissue. It is essential for healthy structure and function of joints for optimum mobility.

Chondroitin Sulfate protects existing cartilage and serves as a building block for healthy new cartilage.

Clinically Proven Effective

- No Gluten
- No Lactose
- No Preservatives Added
