

SCIENCE BY NATURE™

is taking modern technologies to extract the best that comes from nature. Take a look at what's inside our whey proteins.

W=Whey Protein Isolate

We craft our proteins using only the purest, non-GMO ingredients

Our protein comes from **grass-fed** cows that are **rBGH & rBST free**†

Our whey isolates are **100% soy free** and **99% lactose free**

A scoop of whey protein a day supports immune health***

Ultrafiltration/Microfiltration method results in an easily digestible and undenatured protein.

We're proud to make and source this whey protein product in the **USA**.

9 naturally occurring essential amino acids, make this a complete protein

Histidine	Lysine	Threonine
Isoleucine	Methionine	Tryptophan
Leucine	Phenylalanine	Valine

+11 other amino acids

Alanine	Cysteine	Proline
Arginine	Glutamic Acid	Serine
Asparagine	Glutamine	Tyrosine
Aspartic Acid	Glycine	

†No significant difference has been shown between milk derived from rBST-treated and non-rBST treated cows.
This product has been manufactured at a GMP Registered facility.

NET WT. 11.8 OZ. (336 g) POWDER

DIRECTIONS:

Adults, using scoop provided, add one (1) scoop (24 g) (0.84 oz) to 3/4 cup (6 fl. oz.) (178 mL) or more of either cold water or your favorite cold beverage. Stir briskly until dissolved for a tasty vanilla protein beverage. For a creamier texture, use a blender and add ice. You may also try adding your favorite fruit. As a reminder, discuss the supplements and medications that you take with your health care providers.
