

Biochem® Vegan BCAA's are manufactured using a fermentation process to provide 5g of high-quality amino acid powder.† Our BCAA's are instantized for easy mixability, and contain a mixture of three branched-chain amino acids; formulated with the preferred 2:1:1 ratio. (L-Leucine: L-Isoleucine: L-Valine). Unlike many BCAA products on the market today, Biochem's BCAA's are naturally sweetened and contain no artificial flavors or colors!
