ONNIT LABS

SPORT

Suggested Use: Mix one scoop with at least 8 ounces of water or your choice of beverage. Consult a medical doctor before taking this or any other nutritional supplement if you are pregnant, nursing, have or suspect a medical condition, or are taking any medications. Store in a cool, dry place. Do not use if freshness seal is missing or broken. KEEP OUT OF REACH OF CHILDREN

ISOLATED GAINS

Unlike the more commonly available whey concentrate, isolate has had the carbs and fats that naturally occur in milk filtered out, leaving behind a purer protein that digests fast.*

ENZYME BLEND

The digestive enzymes amylase and protease help break down protein for better digestion and greater assimilation.*

HAPPY COWS

Our whey is sourced from New Zealand, where cows are fed grass and allowed to roam freely outdoors.*
