

SUGGESTED USE: Add 5 drops of **Lactase Drops™** per pint of milk, refrigerate for 24 hours, then use as desired. If lactose intolerance symptoms persist, refrigerate 48 hours before using or add more drops. Alternatively, add 5 drops of **Lactase Drops™** directly to milk or any dairy product just prior to drinking or eating, or use as directed by a health professional.

Do not use if tamper seal is damaged. Keep out of reach of children.

STORAGE: Refrigerate after opening. Best consumed within 60 days after opening.

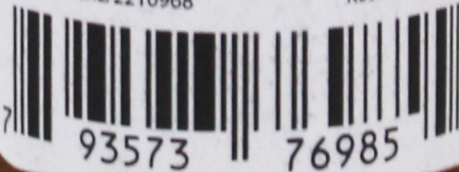

Manufactured in a GMP compliant facility with GMP certificate of compliance issued by NHPD.

Manufactured in Canada.
