

SUBSTANTIATED EFFECTS

D-Pol[®] increases natural testosterone synthesis and TRUE nitric oxide production via a novel pathway, rendering Arginine obsolete. Combined, these effects elicit unbridled muscle growth, enhanced recovery, oxygen sparing effects (cellular efficiency), increased exercise duration, and enhanced nutrient absorption.

D-POL[®] USAGE: Take 1 serving with a mixed food meal prior to intense exercise. Optionally, take 1 serving with preworkout to maximize exercise efficiency alongside testosterone elevation. Cycle off of this product for 2-4 weeks after using for a continuous four week period.

WARNING: D-Pol[®] is intended only for healthy male adults above the age of 18. All individuals should consult a licensed healthcare practitioner before using this product. Do not use this product if you have been diagnosed with or have a family history of (including, but not limited to): heart disease, thyroid disease, liver disease, cancer, Barrett's Esophagus, gastroesophageal reflux, diabetes, hypoglycemia, hypo/hypertension, asthma, any psychiatric condition including depression or seizure disorder, or if you are using any other dietary supplement, prescription drug, or over-the-counter drug intended to promote vasodilation, in particular those intended for erectile dysfunction. The combined use of vasodilatory supplements or drugs and D-Pol[®] could cause an unsafe drop in blood pressure. Discontinue use and contact a medical doctor immediately if you experience an irregular or rapid heart beat, chest pain, shortness of breath, dizziness, lightheadedness, fainting or presyncope, tremors, headache, nausea, or other similar symptoms. Discontinue use two weeks prior to surgery.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Supplement Facts

Serving Size: 3 tablets
Servings Per Container: 30

Amount Per Serving	% DV
Vitamin D3 (Cholecalciferol)	4,000IU 1000%
Vitamin B6 (Pyridoxine)	2mg 100%
Folic Acid	400mcg 100%
Vitamin B12 (Cyanocobalamin)	6mcg 100%
Sodium	130mg 5%
LH/Free Testosterone/ATP	3.5g *
Amplifying Oxygen Sparing Matrix	
D-Aspartic Acid, Sodium Nitrate (as NO3-T [®])	

*Daily Value (DV) Not Established

Other ingredients: Isomalt, stearic acid, methylcellulose, magnesium stearate, silica, mannitol.
