

Futurebiotics® Longest Living® Acidophilus+ contains a unique blend of lactobacilli strains, including potent Lactospore®. Delivering viable live probiotics to the intestinal tract is a formidable technical challenge. Lactospore® is a naturally microencapsulated sporiferous preparation of *Lactobacillus sporogenes* that is proven to deliver viable lactobacilli to the intestine. It is room-temperature stable and highly resistant to the action of heat, gastric acids and bile. Three additional, effective lactobacilli strains are included, which together with Lactospore® provides over 1.5 billion organisms per capsule and supports healthy intestinal flora balance.*

May be refrigerated if desired.

Lactospore® is a registered trademark of Sabinsa Corp.

Manufactured by **futurebiotics®** Hauppauge, NY 11788
