Calcium is the leading mineral responsible for strong bones and teeth.* Calcium is also involved in muscle, nerve and heart function.* It may be especially important for women and young adults to supplement every day to help ensure a sufficient daily intake. This formula contains Vitamin D to assist in the assimilation of Calcium by the body.*

WARNING: If you are pregnant, nursing or taking any medications, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

****Adequate Calcium and Vitamin D throughout life, as part of a well-balanced diet, may reduce the risk of osteoporosis.**
