Top Secret Nutrition's **LIQUID FIREBALL L-CARNITINE IGNITER** with Paradoxine™ is a very unique blend of acetyl-L-carnitine, L-carnitine, LeanGBB™ and Paradoxine™. LeanGBB™ is gamma-butyrobetaine a precursor to L-carnitine. Research suggests that LeanGBB™ significantly increases endogenous L-carnitine. Paradoxine™ is the herb from Grains of Paradise (*Aframomum melegueta*), an herb in the same family as Ginger and shares many bioactivities. Paradoxine™ is what gives **FIREBALL L-CARNITINE IGNITER** its distinct flavor. Research suggests that Grains of Paradise stimulates brown adipose tissue and creates thermogenesis(heat). This product will make you sweat. If you do not want to sweat, do not take it. Start with 1/2 serving to assess your tolerance. For exercise performance, recovery and fat burning, **FIREBALL L-CARNITINE IGNITER** is the product for you.†
