*Daily value not established.

Eco Safe Guarantee, Hydrate, Mineralize and Revitalize

Our Eco Safe Seal Guarantee: Pure Alkaline Water drops uses 100% above sea fossilized coral minerals. We never harvest coral from living reefs.

Hydrate: One sachet transforms any ordinary drinking water into powerful, life-enhancing alkaline water. Dramatically improving your body's hydration at the cellular level.

Mineralize: 74 Bioavailable Coral Calcium Minerals (micro-nutrients) allowing for maximum bioavailability and absorption.

Revitalize: Disease and illness thrive in an acidic body but can't survive in an alkaline body. Alkalinity equals oxygen and oxygen equals better health.

Directions: Use one sachet per two liters (quarts) of water and leave the sachet in the water as your drinking (maximum 12 hours in water per sachet). Thereafter, replace with a fresh sachet and dispose the contents of the used sachet in plants or in your garden as it makes excellent plant food.

Sachet is NOT to be used with carbonated beverages. For best results consume with our Natural Home Cures Freeze Dried Mangosteen or our Freeze Dried Nopal Powder Capsules (Prickly Pear Drops) in combination with our P.E.M.F. Therapy (Contact Us For Details).

The FDA and Health Canada have not evaluated this product. This product is not intended to diagnose, treat, cure, mitigate or prevent any disease.
