

Chaga supports immune health and has one of the highest anti-oxidant properties ever recorded in a food-based supplement.*

If you ask us to prove why our mushroom products are the best, we'll start with three reasons:

1. **Hot water extracted.** Hot water extracts contain 50-80 times more beta glucan than mycelium grown on rice or liquid alcohol extracts.
2. **Research validated.** We list guaranteed levels of research-validated active compounds on every label.
3. **Wood grown.** Only wood grown mushrooms deliver the true power of medicinal mushrooms. Doctors and herbalists the world over prefer extracts of wood grown mushrooms.
