KICKSTART KETOSIS & METABOLISM[^]

When in ketosis, the body burns fats for energy. Keto BHB can aid in the transition into ketosis, help keep you in ketosis, boost the positive effects of a ketogenic diet and help with "keto fog" symptoms. Keto BHB can also help reduce cravings and support a healthy appetite.[^]

MENTAL CLARITY & FOCUS[^]

Ketones can be metabolized by the brain which may lead to improved cognitive health as well as peak mental clarity and performance.[^]

CLEAN ENERGY[^]

Each serving provides a quick source of ketones that can be used to improve energy levels, power output, physical performance and recovery from exercise.[^]

DIRECTIONS:

Take 4 capsules, ideally on an empty stomach prior to exercise or when an energy boost is desired. For best results, combine with a proper keto diet and training program, or when already in ketosis.
