

PRO PERFORMANCE® RESULTS

Pro Performance® Weight Gainer contains 50 grams of high-quality protein in a wellness formula designed to digest and release at varied intervals throughout the day to ensure your muscles get the amino acids they need.* This formula is designed to support your body composition goals with naturally occurring branched chain amino acids (BCAA), which may help reduce muscle breakdown during exercise, added medium chain triglycerides (MCT), which are quickly absorbed by the body for use of energy, and a dual carbohydrate system to preserve and replenish energy stores.** Pro Performance® Weight Gainer also includes naturally occurring arginine to fuel muscle cells and influence the cardiovascular system through nitric oxide production.*

PRO PERFORMANCE® QUALITY

Pro Performance® Weight Gainer provides a combination of protein, essential amino acids, carbohydrates, and unique lipids to fuel your body and kick-start wellness.** Tested and certified Banned Substance Free, this formula tastes great and mixes easily with a simple shake or blend.

*When used in conjunction with an exercise program.

Products bearing this logo have been tested for banned substances by LGC Science, Inc., a world-class anti-doping lab. *Product was tested for over 145 banned substances on the 2016 World Anti-Doping Agency (WADA) Prohibited List via LGC skip lot testing protocol #ICP0307.
