

What am I?

I'm a plant-based blend of Adaptogenic herbs that include Maca Root, Burdock Root, Holy Basil (Tulsi), Ashwagandha, Cordyceps and Vitamin C from Acerola. I was created to help you find your hormonal harmony!

How can I help?

When your hormones are out of whack, your energy levels, skin, and even hair can pay the price. Adaptogens are herbs that help your body adapt to stress by helping balance your hormones.* Maca can help lower cortisol levels† that can cause imbalances in your sex hormones, which can often lead to acne and hair loss. Ashwagandha, Burdock Root, Holy Basil, and Cordyceps have all been studied for their ability to help support a healthy hormonal balance,† whilst vitamin C can help in supporting skin, healing, and collagen production.†
