

30% INCREASE

IN MUSCLE STRENGTH IN JUST 8 WEEKS**

PERCENT CHANGE

* An 8-week, randomized, double-blind, placebo-controlled study of 33 healthy men compared the effectiveness of this proprietary module of whey protein and leucine vs. an isocaloric carbohydrate placebo consumed before and after resistance training. Subjects consuming the leucine-whey protein supplement experienced greater increases in muscle strength than those on the placebo. Leucine-whey protein supplementation also increased muscle cross-sectional area from baseline.
* When used in conjunction with an exercise program.
* In an 8-week, randomized, double-blind, placebo-controlled study of 30 healthy male volunteers comparing 1 set resistance training (RT) + active or carbohydrate placebo to 2 sets RT alone with no supplement, the active group showed equal gains in maximal muscle strength and muscle endurance compared to the control group.

Gluten Free, No Soy.

SUPERIOR PERFORMANCE PROTEIN

Enhanced with More LEUCINE than Standard Whey Protein
Elevated Muscle Fuel for Muscle Growth & Recovery**

Features Only Premium, Ultra-Pure, Fast-Digesting Protein

Only Whey Hydrolysates and a Clinical Core of Whey Isolate & Leucine to Improve Strength**

Enhanced with VELOSITOL® & Leucine To Accelerate Muscle Protein Synthesis**

USAGE BENEFITS

For Pre-Workout & Cardio

Clinically Proven Support for Strength, Performance & Stamina***

For Post-Workout & Cardio

Provides Fast-Digesting Whey Isolate & Hydrolysates Plus Leucine to Fuel Muscle & Support Recovery**

On Non-Training Days & Between Meals

Provides High-Quality Protein & Critical Amino Acids to Fuel Muscles While You Recover from Intense Training**

If it's on our labels, then it's in our bottles. Full dosing, full transparency and no proprietary blends. Clinically studied ingredients backed by real science. The most effective and premium performance protein available. Train harder.

⧫ EAA = essential amino acids
