Occasional heartburn and acid discomfort after a meal is often a symptom of impaired digestion as a result of factors including lifestyle and diet.

Acid Soothe™ contains enzymes, papaya leaf and other botanicals to support optimal digestion and ease symptoms associated with occasional gastrointestinal (GI) distress.* Zinc Carnosine is included to strengthen the mucosal lining of the stomach, acting as a buffer to gastric acid.*

Recommended Use: 1 capsule at the end of a meal.

Consult a physician prior to use if pregnant or nursing.

Thera-blend™ is an exclusive process that combines multiple strains of enzymes that work in specific pH levels, resulting in superior performance in the body.

NO FILLERS ADDED
