Complete Dairy Digestion Formula

Dietary Supplement Vegan & Kosher

30
CAPSULES

Many people have difficulty digesting meals containing dairy, resulting in occasional discomforts like gas and bloating. These discomforts occur due to the body's deficiency of enzymes that help break down lactose and the dairy protein casein in the digestive tract.

DairyAssist™ is a dual-action formula that combines lactase to aid in the digestion of lactose, and protease, which helps break down casein. Complete dairy digestion may naturally reduce discomforts associated with lactose intolerance.*

Recommended Use: 1 capsule with each meal containing dairy. More may be taken as needed.

Thera-blend™ is an exclusive process that combines multiple strains of enzymes that work in various pH levels. Thera-blend enzymes have been shown to be three times stronger and work more than six times faster than leading digestive supplements.* For more information, visit www.enzymedica.com.

Supplement Facts

Serving Size: 1 Capsule

Servings Per Container: 30

Amount Per Serving		%DV
Lactase	5,000 ALU	* *
