

Advanced Lactation Support

Breastfeeding is the natural and ideal way to feed a baby, as it provides the most complete form of nutrition for infants. Zähler® Lactivate™ gives you all the benefits you've come to rely on, in an even more comprehensive formula. With a curated combination of nutrients and herbs, the bioavailable formula ensures nutrient absorption. In addition, Lactivate™ may help reduce staining, which is why it is also recommended for non-lactating women.*

You may need additional supplements to support a healthy diet; consult your nutritionist for a formula that is right for you, or call us toll free at 877-ASK-ZÄHLER (877-275-9245).
