

 **Human Lactic Commensals (HLC) probiotic strains are research-driven and clinically proven in randomized, double-blind, placebo-controlled human trials at 25 billion CFU per day. Proprietary non-pathogenic human-sourced microflora bacterial strains are utilized as they have strong epithelial adherence and a naturally high tolerance to stomach acid.**

HLC INTENSIVE POWDER

probiotic supplement

Recommended intake: Adults, Adolescents and Children (3 years and older): In a glass, add water or milk to one scoop of HLC Intensive Powder and mix. Take once daily with a meal, at least 2-3 hours before or after taking antibiotics, or as professionally directed.

Risk information: If you have an immune compromised condition, do not use. If symptoms of digestive upset occur, worsen or persist beyond three days, discontinue use and consult your healthcare practitioner.

Safety-sealed for your protection and for product freshness. Store under refrigeration (below 46°F).

Keep out of reach of children.

Pack size: Net wt 1 oz (30 g)
