

SUGGESTED USE: 2 Capsules taken 1 time daily or as directed by a healthcare professional.

HOW IT HELPS: L-Carnitine supplementation may help promote fat loss by converting fat into fuel.* L-Carnitine provides muscular energy by burning fat, which may also promote a positive environment for muscle growth.*

WHAT IT IS: L-Carnitine is found throughout the body, including in the heart, muscles, brain, liver and kidney. L-Carnitine assists in the breakdown of fat to produce energy, and plays an essential role in making fatty acids available for energy in muscle tissue.
