

UNREAL ENERGY, LEGIT RESULTS

What do you get when you combine next-gen energy compounds with one of the most significant weight loss breakthroughs in the past 30 years? Results.

In addition to SLIMVANCE® for truly revolutionary weight reduction benefits, this innovative formula features 4 branded energy ingredients, plus several other premium thermogenic compounds, to help ignite your metabolism for impressive fat burning.

Also included for the first time is the proprietary Unreal Energy™ Matrix, specifically designed to deliver a sustained lift throughout the day to help you fully Unleash Your Potential®.

UNLEASH YOUR POTENTIAL®

TO LOSE WEIGHT, YOU NEED ENERGY...

This powerful formula contains a total of 7 premium branded ingredients, including 4 specifically targeted to help increase thermogenic energy.

The proprietary Unreal Energy™ Matrix features InfEnergy® and Extended Release zumXR® for an ongoing boost throughout the day.

TEACRINE® provides a non-stim lift of focused, lasting energy to help you dial in to even the toughest tasks, while simultaneously working to improve mood, mental clarity, motivation, and more.

Rounding out the formula are several additional metabolic boosters like yohimbine and CAPSIMAX® plus #BioPERINE® to help improve the absorption of key ingredients.

...BUT YOU ALSO WANT SLIMVANCE®

SLIMVANCE is engineered to help men and women lose weight quickly through a distinct pair of biological pathways: the inhibition of lipogenesis, which is the storage of fatty acids in fat cells, and lipolysis which is the increased ability to break down fat.

Taken daily, SLIMVANCE has been clinically demonstrated to significantly improve weight loss compared to diet and exercise alone. In fact, SLIMVANCE is so effective that participants in a recent clinical study who maintained a reduced-calorie diet and walked 30 minutes per day, 5 days per week, experienced a:

- ✓ 6x increase in weight loss versus the placebo group (11.8 lbs. vs. 1.9 lbs.)
- ✓ 3x reduction in waist circumference (2.11 inches vs. 0.68 inches)
- ✓ 3x reduction in hip size (17.6 inches vs. 0.49 inches)
- ✓ 6x reduction in body mass index (BMI) (2.04 kg/m² vs. 0.34 kg/m²)

Pounds Lost with SLIMVANCE

DIRECTIONS: Take 2 capsules with breakfast, and 2 capsules with lunch.
