Nursing Postnatal offers comprehensive nutritional support for healthy lactation with higher levels than many typical prenatal vitamins. Key nutrients that are important for breastfeeding women include Vitamin D, Folate, B6, and B12.

## Recommended Use:

Take 2 capsules daily with meals.

Warning: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately. Not recommended for pregnant women.
