

SPEND MORE TIME IN YOUR PRIME

Aging is inescapable, but it doesn't have to be unpleasant. Prime Time™ harnesses 21st-century science to address the fundamental biology of aging, and works to keep critical bodily systems running error-free.

The NAD⁺ molecule is indispensable to cellular health, which is why its decline over time causes physical and mental senescence. Increasing NAD levels to help cells act properly can thus help you stay healthier as you age.

Additional ingredients to help ensure your immune, digestive, cognitive, integumentary, musculoskeletal, and ocular systems are all running at peak efficiency is what aging well and spending more time in your prime are all about.

UNLEASH YOUR POTENTIAL

PLATINUM INGREDIENTS TO HELP YOU UNLEASH YOUR POTENTIAL*

NAD3™

This next-generation ingredient complex targets human cells – the building blocks of life – helping to slow the proverbial aging clock by increasing NAD levels and activating sirtuins, the conductors of cellular function.

BioCell Collagen®

This highly bioavailable, patented ingredient synergy works to support joint and eye health, while also helping to nourish your hair, skin, nails, and gums.

Wellmune WGP®

Extracted directly from the cell walls of a potent baker's yeast and then purified, Wellmune WGP helps support a strong and healthy immune system.

LactoSpore®

This premium probiotic strain is highly resistant to the harsh pH imbalance of your stomach, helping to ensure better digestive support and a healthier gut.

Spectra™

Consisting of 31 individual extracts and concentrates, this holistic antioxidant ingredient matrix is a powerful enemy of free radicals, helping your cells age more healthfully while mitigating a potentially harmful TNF α -induced inflammatory response.

Lutemax 2020®

Supplementing two isomers critical to ocular health, this compound helps support strong vision – specifically working to filter high energy blue light.

DIRECTIONS: Take 3 capsules daily with a meal.

BioCell Collagen® is a registered trademark of BioCell Technology LLC. NAD3™ is patent-pending and under exclusive global distribution by Compound Solutions, Inc. Wellmune WGP® is a registered trademark of Biethera. LactoSpore® is a registered trademark of Sabinsa Corporation. Spectra™ is a trademark of VDF FutureCeuticals, Inc. Lutemax 2020® is a registered trademark of OmniActive Health Technologies.
