BACKGROUND INFORMATION: GOAL: To make the most deeply effective and highest ORAC (oxygen radical absorbance capacity) antioxidant product (both water AND fat soluble) with benefits far beyond ORAC. PERIOD. Free radicals wage a war of destruction on your DNA, contributing to virtually every disease, degenerative and aging process known*. So many products tout benefits but simply do NOT contain the correct botanicals and quantities of them, to be effective. Many formulators are ignorant of this, while many others do it knowingly. Either way, integrity issues come up. **Antioxidant Extreme™ allows you to actually achieve the benefits that research shows these amazing nutritional substances can provide!** The supportive **HERBAL ANTIOXIDANT ACTIVATORS™** are extremely potent antioxidants and significantly increase the absorption and effectiveness of the other botanicals.

METABOLIC ANTIOXIDANTS: Milk Thistle Seed extract goes beyond ORAC by supporting the liver to make even more powerful metabolic antioxidants (SOD, Glutathione). **ECOFRESH™ PACKAGING** This 100% recyclable glass bottle with plastisol-lined metal lid, VeganCaps™ and oxygen absorber prevents oxidation and preserves the antioxidant properties. (Dramatic difference vs. other packaging.)

SUGGESTED USAGE: 2-4 VeganCaps™ per day. Not an "all or nothing". Just 1 VeganCap™ is extremely beneficial and for more potent than other products. Take with food if you experience any irritation. **INTENSIVE USAGE:** 8 or more VeganCaps™ per day, ideally spread out over 2-8 servings.

SUGGESTED ADJUNCTS: A whole food, organic, Vegan diet with emphasis on **high-water content** raw foods, fresh vegetables, fruits, their freshly made juices, & herbs/spices); **HEALTHFORCE VITAMINERAL™ GREEN & EARTH™ (COMPREHENSIVE SUPERFOODS), FRUITS OF THE EARTH™ LIVER RESCUE™ (METABOLIC ANTIOXIDANT ENZYME SUPPORT)**

Loyalties can be divided. I want to make it clear where mine lies. My loyalty is to those who want to thrive, and those whose life situation requires them to thrive. My loyalty... is to you and the Earth. And in my life now and one day, when I look back upon my life, that has and will still have value to me incomparable to any amount of money, investors, or fame.

The Quality and Affordability of a product can, and often does, mean the difference between lethargy and energy, sickness and health, and, quite literally, life and death. I don't want anyone to be tired, sick or dead because they could not obtain or afford the best possible product. If someone does not feel this same way, they should not be in the nutritional product business. I would rather die than compromise these values."
