State of the art Molecular Distillation processing of this cold, deep water, ocean fish oil material provides purified finished products that exceed FDA and World Health Organization requirements.

This is a superior quality fish oil for your heart healthy needs. This unique fish oil supplement is odorless which means the active ingredients bypass the stomach and are digested in the small intestine. This can help eliminate annoying fish burps or after taste. EPA and DHA may help maintain normal heart and vascular health. May reduce the risk of coronary heart disease.†
