Prod. No. 34033

• **NUTRITION INFORMATION:** Omega-3 fatty acids support many vital functions in the body.* EPA and DHA have a positive effect on the body's cells and help to maintain circulation, joint function, skin, immunity and triglyceride levels already within the normal range.* In addition, DHA helps to support brain function and healthy vision.*

Supportive but not conclusive research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease. One softgel of Member's Mark Double Strength Fish Oil provides 600 mg of the omega-3 fatty acids EPA and DHA, twice the amount of our regular strength fish oil. See nutrition information for total fat and cholesterol content.

Member's Mark Fish Oil is enteric coated to reduce fishy aftertaste.

KEEP OUT OF THE REACH OF CHILDREN. Keep in a dry place, tightly closed and avoid excessive heat. Tamper Resistant: Do not use if seal under cap is broken or missing.

No gluten
No yeast
No wheat
No milk or milk derivatives
No lactose
No sugar
No artificial color
No sodium (less than 5 mg per serving)
