Hope is nothing. Substance is everything. Health is important, and too many  
things usually get in the way of people actually taking an authentically powerful  
product. Loyalties can be divided. I want to make it clear where mine lies. My  
loyalty is to those who want to thrive, and those whose life situation requires them  
to strive. My loyalty is to the end user. My loyalty is to you. In my life now, and one  
day when I look back upon my life, that will always have value to me incomparable  
to any amount of money, investors, or fame"
