

CHANCA PIEDRA

Phyllanthus niruri

Chanca Piedra, also known as "Stonebreaker" in English, literally translates to "crushes rocks." The one- to two-foot plant grows in Peru's Amazon basin. It has been used for centuries by indigenous people of the rainforest.

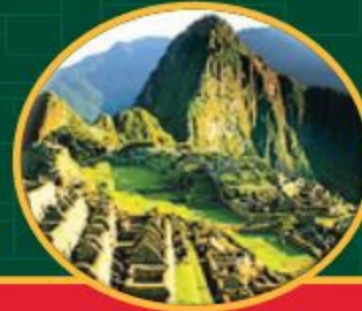

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Chanca Piedra is not a substitute for a varied diet. Do not exceed five capsules per day.

Made in the USA. Three percent of Peruvian Naturals earnings are donated to small farms and agricultural businesses in rural Peru.
