

SUGGESTED USE: Mix one level scoop with 8-10 fl oz of cold water, milk or your favorite beverage. Stir, shake or blend 30 seconds or until completely dissolved. For best results, use within 30-60 minutes after your workout, or enjoy anytime a high-protein snack is desired.

Our High-Quality Whey Protein concentrate is both bioavailable and easily digested. Whey protein concentrate has naturally-occurring branched-chain amino acids (BCAAs) to support muscle recovery, and has the highest biological value (BV) of any protein source.

Sheer Strength Whey Protein Concentrate comes from grass-fed cows, and is cold-processed and undenatured to provide you with whey protein free of synthetic additives. Our Whey Protein concentrate is micro-filtered to a highly soluble formula that results in a far superior powder that mixes well with a clean, delicious flavor for the perfect healthy high-protein drink.

* When taken consistently with regular resistance training.

CAUTION: If you are pregnant, nursing or taking any medications, consult your doctor before use. If any adverse reactions occur, immediately stop using this product and consult your doctor.
