"Hope is nothing. Substance is everything. Health is important, and too many things usually get in the way of people actually taking an authentically powerful product. Loyalties can be divided. I want to make it clear where mine lies. My loyalty is to those who want to thrive, and those whose life situation requires them to thrive. My loyalty is to the end user. My loyalty is to you. In my life now, and one day when I look back upon my life, that will always have value to me incomparable to any amount of money, investors, or fame"

Dr. Janeth Sheridan (Naturopath, Dr. of Holistic Medicine, Herbal Medicine Researcher)

• Supports elimination of candida and unfriendly bacteria\*
