

DIRECTIONS: Adults take one teaspoon daily.
Children take ¼ to ½ of adult dose. May be mixed
with water or juice, preferably between meals.
Shake well before using. Store at room temperature.
For larger doses, consult your health care professional.

*Sold only for dispensing by a licensed
health care professional.*

**Pregnant and/or lactating women should
consult their physician prior to use.**

This all natural mineral supplement contains a high
concentration of sub-nanometer (0.65nm) size silver
particles. The total silver content typically consists of 75%
silver particles and 25% silver ions. The small particle size
combined with high particle concentration produces a
colloid of high particle surface area.

Progressive Laboratories packaged this
product in its 3rd party GMP-inspected facility.
