

Body Ecology® GI Distress Relief™

is a combination of strain-specific microbes shown to help improve gut health*

GI Distress Relief™ contains two resilient strains of *Bifidus lactis* (HN019™ and B1-04®) combined with the beneficial yeast, *Saccharomyces boulardii*, and Sunfiber® (a prebiotic) to enhance the growth of the *bifidus**, all in a protective, delayed-release capsule.
40 billion *Bifido* + 10 billion *S. boulardii* per serving

Give your gut the support it's asking for!

Recommended usage: Take 2 capsules per day or more as needed, depending on the severity of symptoms or as recommended by your healthcare professional.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
