

No gene is more important to aging than SIRT1. When it's turned "off," we age more rapidly. Turning it "on" slows down the effects of aging.

Sirtmax®, a patented extract of a Thai herb, *Kaempferia parviflora* (also known as black turmeric), has been shown to have unprecedented power to activate SIRT1.* In fact, it is 5x more powerful than resveratrol.

Our unique formula combines black turmeric as Sirtmax® with Curcumin-SR™, a patented extract of yellow turmeric with 10x greater absorption than regular curcumin.

MicroActive® Curcumin is a trademark of BioActives LLC.
Sirtmax® is a trademark of Tokiwa Phytochemical Co., Ltd.

This product is suitable for vegetarians and gluten-free.
